

A HALLOWEEN HOOTENANNY is set for this Friday night, October 29, at 9 p.m. as Y-12 stages its annual Fall Dance. The event will be held at the Oak Terrace Ballroom, Oak Ridge . . . one and all Y-12ers are invited for the mere price of \$1.50 per head.

## Y-12 Plant Gears For Big Halloween Dance Friday At Oak Terrace Ballroom

Is that costume and false face all set for Friday's big dance? Time is fleeting now, toward October 29's big night. Of course, dress is optional . . . but the word is going round that many outlandish styles of dress will be out Friday.

Jerry Collins and his orchestra, the hit of the Spring dance, is coming back for the fall festival. They will grace the halls with music from 9 p.m. until 1 a.m.

Ticket sellers, scattered out through the plant include:

There are prizes for the best costumes . . . both male and female . . . and door prizes, too. Drawings will be held at intermission, and the best-dressed folks will be chosen then.

They are available from:

Mary Thompson	9998
Daisy Ward	9995
Cleo Sideris	9202

### Metal Prep Plans 2nd Annual Christmas Dance

The Metal Preparation Division is planning its big Christmas dance early this year . . . Saturday, December 4. The festivities will be at the Oak Terrace.

A buffet supper will be held, following a 6:30 p.m. social hour. Dancing to the music of the Martiniques will follow at 9. Ticket-sellers will be announced, as the ducats will be traded for a five dollar bill.

### Puppets To Present 'Emperor's New Clothes'

The famous George Latshaw Puppets are coming to town. They will be seen Saturday, October 30, at 1 and 3 p.m. at Jefferson Junior High School, performing "The Emperor's New Clothes."

Season memberships in the Junior Playhouse are now on sale at the Gateway, Overton's Drug, Elm Grove Drug and Jackson Square Pharmacy. Tickets for this single performance Saturday will also be on sale at the door.

### Instrument Society Will Meet Next Week

The Oak Ridge Section of the Instrument Society of America will hold its monthly meeting next week. The meeting is set for next Wednesday, November 3, at 8 p.m., in the Green Room of the Oak Ridge Recreation Hall.

The following manufacturers will display new equipment and techniques: R. S. Peugeot, The Ridge Instrument Company, will talk on "Simultaneous Multi-Frequency Ultrasonics." Mike Walker, The Foxboro Company, will speak on "Turbine Flow Measurements and Readout Devices." Andre J. Caradec, The Taylor Instrument Companies, will use the subject "High Density Panel Boards."

ISA members and interested guests are cordially invited to next Wednesday's meeting.

### HELP ON THE WAY

After two weeks on the campus, one freshman sent a telegram home which read: "Am without funds or friends." Dad wired back: "Make friends."

Tickets are \$1.50 . . . or \$3 per couple, naturally.

Why not organize a table now, and be on hand with your party Friday? There's fun a-popping and what better way to meet and greet old plant friends is there than a plantwide dance?

We'll see you Friday, for sure.

### SAFETY SCOREBOARD

## United Fund Reports Show \$52,000 Pledged By 69% Of Plant Thus Far

### Football Field At Cafeteria Shows Division By Division Progress As Campaign Nears End

United Fund reports continue to pour in. Approximately 69 percent of all employees have been heard from . . . and a total of \$52,549.35 has been either pledged or collected . . . through payroll deductions and cash contributions. (This amount is more than \$10,000 greater than that collected from ALL employees last year. It must be remembered, also, that the plant's population was approximately 1,000 more this time last year!)

Meanwhile, the giant football field (which gives Y-12's goal and the various divisional goals) is at the Cafeteria . . . after traveling to the various portals. Interest in inter-divisional competition has been keener this year than in year's past. Only four divisions at this writing are past their 'fair share' aim: Accounting and Budget; Development; Product Engineering and the Superintendents Division. Later reports will more than likely put other divisions beyond the 'paydirt' early this week.

### Continuing Committee

W. K. Whitson, three-plant coordinator for this year's United Fund, has announced a continuing committee . . . an Evaluation Committee to visit various United Fund agencies. They will be covered from time to time in the Bulletin during the coming year.

Next year's Y-12 chairman Marvin Schwenn has been appointed, and will steer the Committee through the next 12 months.

It was also announced that next year's drive would probably begin just a little earlier than it did this year.

Per capita giving rose to a new high of \$17.89 to date.

More departments join the 'honor roll' of surpassing their 'fair share' aims. They are:

- Materials and Services
- Administration
- Timekeeping
- Special Projects
- Tool Engineering
- General Shop Job Liaison
- Maintenance Division
- Accounting, Budget and Scheduling
- Development Operations
- Department
- Ceramics and Plastics
- Development
- General Mechanical
- Engineering
- Safety
- Industrial Relations
- Administration
- Publications
- Training
- Recreation
- Labor Relations
- Employment
- Shift Superintendents
- Superintendents Division
- Statistical Services

Continued on Page 4

ANOTHER DIVISION GOES OVER THE TOP in 'fair share' giving to the United Fund. J. L. Williams, coordinator in Development, points with pride at the touchdown scored by his division. Plant Co-Chairman E. A. Pluhar presented the plaque to the Division. He shows the plant mark (well past the 50-yard line) with about 69 percent of reports in.

## Albright Rites Held Last Tuesday

Delmar R. Albright

The General Machine Shop sadly marks the death of Mr. Delmar R. Albright. He died Saturday, October 16 in a Knoxville hospital.

Mr. Albright came to Y-12 August 14, 1950. He was a member and a deacon of the Beaumont Baptist Church and a member of Masters Lodge No. 244 Free and Accepted Masons.

Survivors include his wife Mrs. Sally Mynatt Albright; granddaughter, Miss Cynthia Ann Turner; sister, Mrs. Wade B. Allen, Knoxville; and several nieces and nephews. The family home is at 1600 Jordan Street, Knoxville.

Funeral services were held at 2 p.m. Tuesday, October 19, at Rose Chapel, with the Reverends Paul T. Huling and Dillard Hagan officiating.

Interment was at Lynnhurst Cemetery, with Lodge members in charge of services at the grave.

Sincere sympathy is extended the Albright family.

## Traffic Lights Will Be Removed At Intersection

The City of Oak Ridge has advised that effective November 1, 1965, all traffic signals at the intersection of Highway 58 and Blair Road are to be removed. All plant employees are urged to observe this change and proceed accordingly to facilitate traffic movement and reduce any confusion.

## New Zealand Air Glow Thermonuclear Topic

Sam H. Neff, Morehouse College, Atlanta, will discuss "The Observation of the Air Glow in New Zealand" at this week's Thermonuclear Division seminar.

The seminar is set for Thursday, October 28, at 9 a.m. in the TD Conference Room, Building 9201-2.

## Long-Timer Sadler Dies October 14

Hugh Sadler

Research Services recently lost one of its long-time members, as Hugh Sadler died Thursday, October 14. Mr. Sadler had been in ill health for almost a year. A native of Longtown, Missouri, he came to Y-12 for the second time May 30, 1947, having worked here previously during the war years.

He is survived by his wife Mrs. Elsie Abernathy Sadler; two daughters, Mrs. Nancy Arthur, Honolulu, Hawaii and Mrs. Doris Hood, Oliver Springs; a son, Don Sadler, Oak Ridge. A brother, Dallas Sadler, Ganago, Arizona; and a sister, Mrs. Bernice Abbott, St. Paul, Minnesota also survive. There are six Sadler grandchildren.

Funeral services were held Sunday, October 17, at 1 p.m. at the Community Baptist Church with the Reverend Ellis Patterson officiating. Burial followed in the Anderson Memorial Gardens.

The Sadler home is at Route 3, Oliver Springs.

Sincere sympathy is extended the surviving family by friends and co-workers in the plant.

## Babb Son Serves In Security Agency

E/2c Richard L. Babb

Richard L. Babb recently visited his parents, Mr. and Mrs. Harold W. Babb, 114 Porter Road, Oak Ridge. Richard just completed his basic training in the U. S. Army Security Agency at Ft. Jackson, South Carolina.

A 1962 graduate of Karns High School, young Babb worked with Delta Airlines, Atlanta, before entering service. He is en route now to Ft. Devan, Massachusetts where he will study Micro Bar-graphic Analysis.

His father is in Y-12's Estimating and Tooling Coordination.

The average woman has a smaller stack of words than the average man, but the turnover is greater.

## Alford, Parker, Pate, Stringfellow And Rogers Retire After Long Service Years

Y-12 says "well done and farewell" to five long-time employees this week . . . as four take regular and one elects early retirement. Benjamin M. Alford, Buildings, Grounds and Maintenance Shops; Joseph O. Parker, 9215 Rolling; John W. Pate, Mechanical Inspection; and Marcus B. Stringfellow, Estimating and Tooling Coordination; all retire, and Jack G. Rogers, Estimating and Tooling Coordination is an early retiree.

Benjamin M. Alford, a carpenter, came to Y-12 April 13, 1951, after years in the construction business in Mobile, Oak Ridge, and Harpersville, Mississippi. He was born in Morton, Mississippi.

He also worked on his father's farm in Mississippi in his early youth.

He now lives at Route 1, Lenoir City. His wife is the former Claire Mapp . . . and they have two children, a daughter Mrs. Norma Idom, Route 18, Knoxville; and a son, Milton M. Alford, Chattanooga.

Joseph O. Parker, a machinist in 9215 Rolling, is a native of Rogersville. He now lives at Route 3, Kingston. He originally hired in at the Oak Ridge Gaseous Diffusion Plant October 12, 1944 . . . and transferred to Y-12 August 4, 1958.

### Served In U.S. Army

Prior to coming to Union Carbide, he had been in the Medical Corps of the U.S. Army, and had worked in paper mills in Crescentville and Rialton, Ohio.

Married to the former Jessie D. Shelton, Mr. Parker has three daughters, Mrs. Julia Smith, Mary E. Melton, and Shelbia Farmer . . . all of Harriman. His three sons, Joseph, Mack and Cy, are in California, Harriman, Jacksonville, Florida respectively.

John W. Pate, inspector in Mechanical Inspection, is a native of LaFollette and has been in Y-12 since December 27, 1950. He previously was with the Tennessee Valley Authority and had an earlier stint in Y-12 during 1944 and 1946.

The Pate home is at 2911 Sanders Lane, Knoxville. Mrs. Pate is the former Katie Showan. They have two daughters, Mrs. Loren Lawhorn, Oak Ridge; and Mrs. Edna Davis, Fountain City. Two sons, J. W. Jr. and Earl live in Morristown and Jefferson City.

Jack G. Rogers, Production Coordinator in Estimating and Tooling Coordination, came to Y-12 April 1, 1963 after hiring in at the Oak Ridge Gaseous Diffusion Plant May 1, 1944.

A native of Conway, Arkansas, he lives at 413 Highland, Clinton. Mrs. Rogers is the former Marie Word. They have a daughter, Mrs. Dorothy Estep, Oak Ridge.

### Worked In Arkansas

Most of his early years were spent in the Conway Electric Company, Conway, Arkansas. He came to Oak Ridge with Ford, Bacon and Davis, did a brief stint in Jacksonville, Arkansas and then came back to Oak Ridge.

October 31 marks an early retirement date for Rogers.

Another member of Estimating and Tooling Coordination retires the end of this month. Marcus B. Stringfellow came to Y-12 in 1961, after hiring in at ORGDP April 24, 1944.

A native of Hampton, Arkansas, Stringfellow lives at 50 Dogwood Rd., Norris. His wife is the former Ida Belle Jacobs. They have two sons, M. B. Jr., New York state and James J. Stringfellow, Augusta, Michigan.

Before coming here he was a seaman in the New Orleans area, worked as an apprentice and machinist in Wesson, Arkansas, and from 1925 until 1942 was employed at Eldorado, Arkansas.

All five Y-12ers take with them

Benjamin M. Alford  
6-12319

Joseph O. Parker  
6-12322

John W. Pate  
6-12318

Marcus B. Stringfellow

Jack G. Rogers

the best of wishes from fellow employees for a long and happy retirement.

Ride wanted from 2117 Maryland, Knoxville, to North Portal, straight day. Marie Reich, plant phone 3-7357, home phone Knoxville 525-5267.

Patience is a virtue . . . and so is impatience, especially when it causes cost improvement. Maintenance's Bill Carver has recently become old enough to lose patience trying to locate one of the blue jillion available welding torch spare parts. Though old, he was smart enough (or sufficiently irritated) to cook up a fix-it proposal for review by his fellow sufferers. They went for it like it was a CARE package.

As a result:

1. Torches, Hand Welding, Tungsten Arc, Inert Gas Shielded will be cut from 16 to four.
2. Spare parts, scattered through 49 pages will now be condensed to three.
3. 86 Stores stock spare parts items will be eliminated.
4. Carver sent in a green sheet on the estimated \$ savings.

Stores Department, 3-5347, stocks over 40,000 different items. Be impatient with excess variety. Your comments on what can be cut or added—will be cheerfully received. There's an outside chance your request will be cheerfully refused . . . but try anyway—you can't lose them all.

### ALLOW HER THE LAST WORD

Always allow your wife the last word. Anything you say after that is only the beginning of another argument anyway.

**MR. AND MRS. PHIL BREMAN** and daughter Margie (left) enjoyed a summer visit to the World's Fair. Here, they pause before the Clairol Carousel after the womenfolk toured the cosmetic house's exhibit. Breman is in Y-12's General Mechanical Engineering.

## Big 5 Refuse To Move Off Top

The Big Five refused to budge from the driver's seat in the C Bowling League last week. The league-leaders blasted the Parbustlers for the full four-point count. Other four-pointers were racked up by the Shud-A-Beens over the Fireballs and the Rodders over the HiLifers.

Three point victories were scored as the Rollmasters rolled past the Sunflowers, the Srikers out-struck the Rounders and the Invalids bowled past the Badgers.

Bill Sise, Big Five, posted high scratch scores of the night . . . taking a single of 227 and series of 607. Dave Woody, Shud-A-Beens, carved out a 276 handicap single . . . and W. W. Chilcoat, Strikers, sailed in with a 692 handicap series.

The Big Five swept all team honors . . . singles of 985 scratch, 1063 handicap. Their series of 2815, 3044 were high also.

League standings follow:

Team	W	L
Big Five	20	4
Rollmasters	18	6
Strikers	15	9
Shud-A-Beens	13	11
Rodders	12	12
Rounders	12	12
HiLifers	11	13
Invalids	11	13
Parbustlers	10	14
Fireballs	8	16
Sunflowers	8	16
Badgers	6	18

## School Buses Mean 'Stop' At All Times

More children than ever are going to school these days—many of them on the school bus. Most states (including Tennessee) have a law requiring drivers of vehicles to come to a full stop while a school bus is loading or discharging passengers. This means not only the vehicles traveling behind the bus but vehicles in the oncoming lane as well. Always follow this practice—help keep our children safe.

## Bush Bowlers See New Leaders

The Bush League played musical chairs again last week aiming for their third week of bowling. New leaders, the Beavers, bested the Outcasts for the full count. The Regents also clamored over the FLUBS by the same score. Three points went to the Untouchables slipping past the Dry Hides.

Harold Perdue, Regents, rolled a 203 scratch single . . . 529 scratch series. Ray Waldrop, Dry Hides, had a 235 handicap single, 626 handicap series.

The Beavers were best on singles in scratch counting, 801 . . . but the Untouchables touched the boards with a 998 handicap single total. The Beavers came back to the boards with series of 2327, 2813.

League standings follow:

Team	W	L
Beavers	9	3
Untouchables	7	5
Dry Hides	7	5
Regents	5	7
FLUBS	4	8
Outcasts	4	8

## Volleyball, Basketball Players Being Paged

The Recreation Department is issuing a call for those interested in participating in Volleyball and Basketball play for the winter season. Team captains are urged to call in right away . . . or individuals wanting on a team, either volley or basketball, should give Recreation a ring.

Play is expected to get underway in both leagues about the last of November. The telephone number is 3-7109. Get your name in the pot early.

## GREEN GROWS THE GRASS

Youth: When you are always hunting for greener pastures; Middle age: When you can barely mow the grass you have now.

## Better Halves Up On Mixed Alleys

The Better Halves jumped from way down in league standings to trounce the Goofers last week in the Y-12 Mixed Bowling set. They took the full count of four for the only sweep of the night. A three point win went to the Subs over the Chumps.

The Blue Angels-Alley Cats, Twisters-Mustangs tilts ended in draws . . . each team taking two points.

June Davis, Better Halves, swept women's honors all the way. She rolled singles of 194 scratch, 244 handicap . . . series of 499 scratch and 649 handicap. George Cantrell, Subs, took a 198 single scratch game. . . C. C. Roberts, Blue Angels, racked up a 236 handicap single. Cantrell was high in series . . . 576 scratch, 639 handicap.

The Subs rolled high scratch counts with 648 singles, 1809 series. The Blue Angels posted an 820 handicap game . . . while the Better Halves rolled a 2330 handicap series.

League standings follow:

Team	W	L
Goofers	17	7
Blue Angels	13	11
Better Halves	13	11
Subs	12	12
Mustangs	11	13
Alley Cats	11	13
Chumps	10	14
Twisters	9	15

## Y-12 Rifle Team Falters In Firing

The sixth match of the 22 Calibre Rifle League saw the Y-12 team fall behind both the Independents and the ORNL team. H. D. Whitehead paced the Y-12ers, firing a 291.848 handicap score. He was followed by Bert Searles with 290.156 and Dave DeWalt with 288.486. Jack Huff's 286 was high in the scratch tallying and he was closely followed by Searles (285) and DeWalt (also with 285).

Scratch scoring by team was: Y-12, 1418; ORNL, 1437; Independents, 1428. Handicap firing saw the scores of: Y-12, 1445.698; ORNL, 1456.287; and Independents, 1448.468.

League standings follow:

Team	Points
ORNL	30
Y-12	15
Independents	15

**THE SMELTERS ARE ANOTHER** old-time team in the Classic Bowling League. Kneeling from left are J. G. McArthur and B. V. Brackney. Standing are Captain John Harding, W. C. Geldmeier, W. C. Shelton and E. E. Hickman.

## Swingsters Enjoy Three Point Margin Over Wolves In Classic Bowling Race

In action as usual on Thursday night, the Classic League bowled away with three teams taking "goose-egg" victories. The Wolves toppled the Screwballs, the Wasps stung the Bumpers, and the Markers swiped the Smelters—all by 4-0 scores. Posting three point wins were the league leading Swingsters over the Has Beens, the Cubs over the Playboys, the Eightballs over the Splinters, and the Rebels over the Tigers. Dividing four points with two each were the Rippers and All Stars.

Individual single game honors went to Daye Phillippi, Swingsters, with a 234 scratch and 262 handicap. Individual scratch series honors found Norman Jarvis, Rebels, with 583, and Herman Butler, Splinters, copped the han-

dicap series with a 651. Team honors went to the Bumpers scratch-wise with a 925 single and a 2608 series. The Wasps grabbed the handicap honors with a 1032 single and a 2997 series.

League standings follow:

Team	W	L
Swingsters	24	8
Wolves	21	11
Wasps	20	12
Bumpers	19	13
Has Beens	17	15
Rippers	17	15
Markers	17	15
Cubs	16	16
Screwballs	15	17
Playboys	15	17
Tigers	15	17
All Stars	14	18
Eightballs	13	19
Splinters	12	20
Smelters	11	21
Rebels	11	21

## Recreation

### Friday, October 29

**Y-12 HALLOWEEN DANCE—** 9 p.m., Oak Terrace Ballroom . . . Jerry Collins Orchestra. Tickets: \$1.50 per head.

### Monday, November 1

**TENNIS LEAGUE:** By arrangement as per schedule.

**BOWLING:** C League, 5:45 p.m., Bush League, 8 p.m., Ark Lanes.

**TABLE TENNIS:** 7:30, Wild Cats Den, Oak Ridge.

**PISTOL LEAGUE:** 7:30 p.m., Anderson County Gun Club, Clinton.

### Tuesday, November 2

**PHYSICAL FITNESS:** 7:30 p.m., Oak Ridge High School Gymnasium.

**Wednesday, November 3**  
**BOWLING:** Mixed League, 8 p.m., Ark Lanes.

### Thursday, November 4

**BOWLING:** Classic League, 5:45 p.m., Ark Lanes.

### Saturday, November 6

**FUN NIGHT:** E, F, G, H and J Shifts, 7:30 p.m., Green Room, Ridge Recreation Hall.

**B. O. MILLER CAME UP** with this walleyed pike after a fishing expedition down at Center Hill Lake. He says a spinner and worms brought on the demise of htis denizen, which becomes a strong entry in Y-12's Annual Fishing Rodeo.

**UNION CARBIDE CORPORATION

Congratulations to another score of Y-12ers moving past important milestones with Union Carbide Corporation.

**20 YEARS**
**Luther L. Bridges**, General Can Fabrication Shop, October 29.

**John Cobb Sr.**, Area Five Maintenance, October 30.

**James D. Bomar**, Beta Two Forming, October 30.

**Jesse H. Russell**, Guard Department, October 31.
**15 YEARS**
**Clarence E. Jarnagin**, Stores Department, October 27.

**Joseph E. Miller**, General Mechanical Engineering, October 29.

**Oran C. Buck**, Utilities Administration, October 29.

**Travis E. Rogers**, Electrical Department, October 30.

**Frederick J. Russell**, Research Services, October 30.

**Samuel F. Thomas**, Area Five Maintenance, October 31.

**Orton J. Howard**, Chemical Services, October 31.

**Samuel F. Sparks**, Area Five Maintenance, October 31.

**Roy C. McKnight**, Engineering Mechanics, November 1.

**Curtis W. Ridings**, Quality Assurance, November 1.

**Stanford G. Hull**, Special Projects, November 1.
**10 YEARS**
**Virginia M. Giles**, Production Assay, October 31.

**Ray A. Mackey**, Buildings, Grounds and Maintenance Shops, October 31.

**William J. Grubb**, H-2 and F-Area Shops, November 2.

**ACCEPTING THE SUPERINTENDENTS DIVISION** plaque for giving their 'fair share' in the United Fund is R. F. Hibbs, Y-12 Plant Superintendent. E. A. Pluhar, right, co-chairman of the fund drive makes the presentation.

## United Fund Reports

Continued from Page 1

 Radiation Safety  
Quality Liaison  
Secondary Quality Control  
Maintenance Administration  
Services  
Security  
Estimating and Tooling  
Coordination  
Cafeteria  
Plant Records

Added to the above departments are the following six departments who, although falling shy of their 'fair share' goal also gain a tip of the hat in reporting 100 percent participation by all employees. They are Benefit Plans, Wage Standards and Personnel Records, Cashier and Travel, Specifications and Systems, Fire Prevention and Technical Reports.

Increased needs of the surrounding five counties and their United Fund agencies promoted the increased drive in Y-12. Many of the county Chests depend largely on Union Carbide contributions.

**Anderson Raises Sights**

Anderson County alone is seeking \$160,000 for its many worthwhile agencies. Today, there are over 1,000 men in the armed forces from Anderson County.

One agency, the United Service Organization (USO), provides wholesome recreational activities for these men all over the world. In addition, the American Red Cross extends assistance to these servicemen and their families.

The extra effort exerted this year will see culmination this week or next as United Fund solicitors are reaping the final reports.

Y-12's 'fair share' this year is defined as only three-tenths of one percent of one's salary. This is approximately the price of a carton of cigarettes for every \$1,000 of income.

Contributing to the United Fund is community action at its highest level. Putting one's dollar where it will do the most good has always been the watchword of the United Fund.

Is your report in? If so, aren't you glad you gave?

**SOUP'S ON!**

Man has enjoyed soup since prehistoric days when he first dropped hot stones into an animal skin filled with water and meat.

The best way to kill off a rumor is not to repeat it.

## 'White Collar' Is Not Always Safe

Who said nice, quiet office jobs were safe? Here's what happened in a four-year study of a million office workers in California:

- Injuries to office workers cost employers in the state over \$4 million a year.

- Women had nearly twice as many accidents as men.

- Nearly half of all injuries were caused by slips and falls.

- Other important causes were strain and overexertion, and accidents in which people were struck by something, bumped against something, or were caught in or between something.

So, the next time somebody tells you how safe the so-called white-collar job is, you might tell them any job is just as safe as the worker makes it... be it clerical or otherwise.

## LASL's Diven Conducts Physics Division Seminar

B. C. Diven, Los Alamos Scientific Laboratory, will conduct this week's Physics Division seminar. His subject will be "Neutron Experiments with Nuclear Explosions."

The seminar is set for Friday, October 29, at 3:15 p.m., in the East Auditorium of ORNL's 4500 building.

## Dancetimers Hold Dance Tomorrow, October 28

The Dancetimers are staging a Halloween Dance tomorrow, Thursday night. The festivities will get underway at 9 p.m. at the Ridge Recreation Hall, Oak Ridge. All single adults are welcome at the dance.

## Plant Mourns Well-Known Development Man As Ralph Levey Succumbs On Tennis Court

Ralph P. Levey Jr., one of Y-12's most widely known engineers, died Friday, October 15 on the tennis courts in Oak Ridge. Active in plant sports, he was preparing for a match in Y-12's Tennis League when he was stricken.

A native of New Orleans Mr. Levey came to Oak Ridge in the early Manhattan District days from Columbia University. He was a graduate of Tulane. Inducted into the Army in 1944, he served in a special detachment with the Corps of Engineers. Immediately after his discharge, he joined Union Carbide Corporation.

He transferred to Y-12 in 1955 after serving some 10 years at the Oak Ridge Gaseous Diffusion Plant. He had some 20 patents and many publications both classified and unclassified in the field of ultra high pressure and fluid flow. He had planned to go to Rocky Flats, Colorado, shortly to chair an important high pressure seminar planned by the American Society of Mechanical Engineers. He recently returned from Harwell, England.

Called one of the most outstanding technical people in the

**Ralph P. Levey Jr.**

plant by associates, Mr. Levey was extremely active in other pursuits other than his job. He was a charter member of the Christian Science Society in Oak Ridge, and was instrumental in getting the church building constructed in Woodland just a few years ago. He served as sight conservation committee chairman for the Oak Ridge Lion's Club. Although he enjoyed perfect eyesight himself, he was concerned with the plight of others who did not.

Although slight of build he was extremely active, participating in plant sports, hiking, and was active in the Boy Scout movement. He had planned a trek with his sons and some neighboring boys the week-end of his death in the Great Smoky Mountains. He had already registered interest in the table tennis play for the winter.

Survivors include his wife, Mrs. Joanne Levey; children, Ralph, Robert and Nancy, all of 354 East Drive; his mother, Mrs. Ralph Levey Sr.; brother, Douglas Levey, and a sister, Mrs. Malcolm Coco, all of New Orleans.

Funeral services and burial were in his native New Orleans.

To Mr. Levey's family the plant extends deepest sympathy. We liked the cut of this man... and it is unlikely we will see his kind again.

As the Oak Ridger stated: "Indeed, sympathy goes to all who knew him, for he was a person worth knowing, and his absence from the Ridge scene will be deeply felt."

**'Libby' Orange**

Elizabeth Gail Orange, or "Libby" as everyone calls her, is on hand these days to cheer the Oliver Springs Bob Cats on to victory. Although only a sophomore, Libby has been on the baton for the past five years, having taken lessons from Mrs. Joan Hill, Oak Ridge.

Besides twirling the baton, Libby likes to swim, skate and go horseback riding. (Harley Orange Sr., the father, is in Y-12's General Machine Shop.) The Oranges live at Route 2, Oliver Springs... and have two other children in school... Kathy, also attending Oliver Springs High and Danny, in elementary school. Two older children have already graduated from school.

As seen in the accompanying photograph, Libby is an attractive addition to the sports scene at OSHS.

## Many Take 2 Hams In Saturday Shoot

E, F, G, H and J Shiftfolks report around 150 contestants out for their Saturday, October 16, Ham Shoot.

Taking home two of the fine hams were W. K. Fulbright, R. L. Sampbel, L. M. Hayes, R. F. Wilson, L. P. Stephens, J. H. Worthington, F. Guttery, E. M. Miller and G. A. Grider. One-ham winners were J. D. Culberson, W. Jenkins, G. V. McCoy, G. W. Brewer, F. C. Stoetzel, H. Jones, F. O. Bowman, E. C. Pate, M. N. Elam, R. B. Thompson, T. J. Todd, H. Abernathy, A. G. Steele, R. L. Gouldy, J. Coleman, J. Finchum, C. W. Cook, J. A. O'Barr, E. W. Arrington, C. Crutchfield, B. Ruthford and L. Thurmond.

Wendell Less won the door prize which was a beauty... a 20-pounder. A fine day was recorded... with firing beginning at 10:15 a.m. and closing shop at 1 p.m.
